## We are fundraising for:

*Margaret Ma Murray Community School is starting the "Fresh To You" fundraiser. All proceeds will go towards making our school a better place to me. We will be donating extra bundles earned through fundraising to help families and organizations that need food security and healthy food.*

*The produce is all from British Columbia and sales support our agriculture in B.C. Please place your orders on our fundraising sale order worksheets that are attached. Specify if you want Bundle #1 or Bundle #2.*

*This fundraiser has been very successful and last year we were able to donate 100 bundles to community organizations and families in need. Your orders help make it a little bit easier for FSJ families and community groups have healthy food.*
