13	14 PAC meeting @ 3 p.m.	15	16 Welcome to Kindergarten 5:00-6:30 p.m.	17

The next few weeks are very busy for students and staff. Tomorrow classes will be treated to some guest readers in the library sharing disgusting books. Students are encouraged to continue reading and recording their reading minutes on the calendar provided. Our contest ends on April 30th.

All grade 4-6 students across the district will be participating in a presentation on social media impacts this week. Parents are encouraged to attend either this presentation or the parent

presentation being held at Ann Roberts Elementary School on Thursday. See details in the attached poster.

Families who have children turning five prior to December 31, 2024 are encouraged to register for kindergarten. We will be planning our Welcome to Kindergarten session and will be sending out invitations to children who are registered.

Badminton has been a hit with many students coming out to practices. There is an exhibition tournament against Charlie Lake Elementary on Thursday. We are looking forward to our students getting additional experience in a tournament setting prior to the district competition.

We are looking forward to an exciting week as gardening starts, art club continues, sports teams represent the school and presentation/guest readers visit our school. Have a wonderful week everyone

PARENTING IN A DIGITAL AGE

Live Event for Parents!
Location: Anne Roberts Young
7p.m

**What Families Can Do to Develop Structure & Habits
When Growing Up in the Digital World**

WEDNESDAY
APRIL 24TH

PARENT NIGHT

Parenting in a digital world can leave families feeling lost and unsure of what the proper restrictions are for social media and technology. Come learn from the best and gain insight into what excessive technology use is doing to our youths mental wellbeing and learn how you can implement healthy restrictions and boundaries
