Reading is Disgusting: April will bring to all students a "Reading is Disgusting" challenge. Students and classes can participate in many ways. Your child will be bringing home information and a log sheet next week. We are looking forward to all the disgusting facts we can learn about. If students want to log any reading they do, that also counts on the challenge. We sure are learning a lot of disgusting facts. Students and staff are really enjoying this reading challenge.

As part of the challenge, students can read or listen to stories digitally. Author Sandra Markle is a great author of children's books. You can access her online stories by clicking on this [link](#).

Parenting in a Digital Age: SD#60, along with the DPAC, will be offering a great session for parents on April 24th at 7:00 p.m. This session will have great tips and information for families to help during these digital years. More information is available in the attached poster.

Badminton: Is officially underway and we are excited! The practice schedule has been sent home with all of the athletes and is also below. Reminder, for badminton, the top 10 boys and girls will play in the District tournament.

Badminton Practice Schedule 2024:

Times	Monday	Tuesday	Wednesday	Thursday	Friday
Morning (8am)	Girls	Boys	Girls	Boys	
Lunch	Girls	Boys	Boys	Girls	Boys
After School (3-4pm)	Boys	Girls		Boys	Girls

Kindergarten 2024-2025: If you have a child that will be attending kindergarten in September, please register them this first week in April. Birth certificates, proof of address and immunization records are needed when registering. Currently there are only 15 students pre-registered for kindergarten. This means only one class for September. We will be planning our “Welcome to Kindergarten” for May as well as the “Ready, Set, Learn” session and are hoping to send out the invitations to all families registered. If you have any questions, please feel free to contact the office.

It looks like spring will be sticking around. The lovely weather is a welcome surprise.

PARENTING IN A DIGITAL AGE

Live Event for Parents!
Location: Anne Roberts Young
7p.m

What Families Can Do to Develop Structure & Habits
When Growing Up in the Digital World

WEDNESDAY
APRIL 24TH

PARENT NIGHT

Parenting in a digital world can leave families feeling lost and unsure of what the proper restrictions are for social media and technology. Come learn from the best and gain insight into what excessive technology use is doing to our youth's mental wellbeing and learn how you can implement healthy restrictions and boundaries.
