Kindergarten Registration: It's that time of year to begin planning for next year's kindergarten students. If you have a child that will be 5 by December 31st, registration is now open. The [School District Link](#) provides all the necessary information to register your child either online or in person. We are looking forward to meeting all of these new students.

Parking: We know that our parking situation is not ideal. However, there have been many near misses lately. We have had calls about drivers parking on sidewalks and on the crosswalks. This is very dangerous and does not allow access to the crosswalk or sidewalks that walkers need access to. We are noticing that many vehicles are just parking in the driving lane and flagging students to jump in. Not only is this unsafe for students, but it means other drivers are stuck behind you. Families are also leaving their vehicles parked behind staff vehicles in the staff parking lot. This blocks not only the support staff who need leave but also creates

drivers from driving. If you are getting out of your vehicle to pick up your children, please park in designated areas or along 105th avenue. We ask that drivers be aware of safety concerns and be respectful of the situation.
